INTERNATIONAL CONFERENCE
on
Computational Mathematics and its Applications
(CMA 2019)
November 12-14, 2019

Conference URL: http://cma2019.iiti.ac.in/main   Email Id: cma2019@iiti.ac.in

Final Announcement

About IIT Indore

IIT Indore is one of the premier institutes under the Ministry of Human Resource Development (MHRD), Govt. of India. IIT Indore is celebrating 10 glorious years of existence this year. In this short span of time, IIT Indore has positioned itself as a vibrant centre for outstanding research. Multidisciplinary research at IIT Indore has been recognised at international level with active participation in several key international projects and several joint collaborations with academic/research institutions in Japan, Norway, USA, Germany, France, Singapore and many other countries. The institute is growing rapidly as the only center for advanced learning and knowledge-dissemination in the pure and applied sciences in Central India. IIT Indore has been placed 68th and 50th in Times Higher Education (THE) Young University World Ranking 2019 and THE Asia University Ranking 2019, respectively. Recently IIT Indore has been ranked 3rd best in India and is among the Top 400 universities across the globe in Times Higher Education (THE) World University Rankings 2020. IIT Indore is also ranked 13th in the Engineering category in the National Institutional Ranking Framework (NIRF) Rankings 2019.

About CMA

The International Conference on Computational Mathematics and its Applications (CMA 2019) will be held from November 12-14, 2019. This conference is meant for researchers from academia, industries and R&D organizations all over the globe interested in the areas of applied and computational mathematics. It will put special emphasis on the participations of PhD students, Postdoctoral fellows and other young researchers from India and abroad. This conference will also include keynote talks in the main areas. Topics of interest include the following areas, but are not limited to:

Key Topics

- Numerical methods
- Optimization
- Machine Learning
- Mathematical Logic
- Rough Set Theory
- Wavelet Analysis
- Harmonic Analysis
- Differential Equations

Organizing Committee

General Chairs
- M. A. Khan, IIT Indore
- M. Tanveer, IIT Indore
- V. K. Sohani, IIT Indore

Publicity Chairs:
- H. M. Pandey, Edge Hill University, UK
- Mukesh Prasad, UTS, Australia
- Santanu Manna, Keele University, UK
- M. Arshad, AMU Aligarh

Joint Organizer:
Smita Verma, SGSITS, Indore

Advisory Board
- Lipo Wang, NTU Singapore
- Hisao Ishibuchi, Southern University of Science and Technology
- V. D. Sharma, IIT Bombay
- Swagatam Das, ISI Kolkata
- P.N. Suganthan, NTU Singapore

Program Chairs:
- Vinti Agarwal, NTNU Norway
- Prashant Bansod, SGSITS, Indore
- Muslim Malik, IIT Mandi
- Javid Ali, AMU Aligarh

- ZHANG Qingfu, City University of Hong Kong
- Adimurthi, TIFR CAM Bangalore
- A. K. Nandakumaran, IISc Bangalore
- Venky Krishnan, TIFR CAM Bangalore
- M. Imdad, AMU Aligarh

Registration and Fee Details

Particular	Paid till October 30, 2019	Paid after October 30, 2019 (Till November 10, 2019)
Participants from Foreign Universities (Non-SAARC countries)	USD 300 OR INR 19500	USD 400 OR INR 26000
Industry sponsored participants	INR 12,000	INR 15,000
Full time student participants from SAARC countries	INR 3,000	INR 4,000
Post-Docs/Faculty Participants from SAARC countries	INR 6,000	INR 7,000

*Registration fee does not include accommodation charges.
Limited funds are available towards accommodation and/or travel support for a few student participants from India and it is up to III-AC train fare. For more details you can refer: http://cma2019.iiti.ac.in/main/registration

Organized by: IIT Indore

Indian Institute of Technology Indore India

Important Deadline

Abstract Submission: October 20, 2019
Notification to Authors: October 25, 2019
Early-bird Registration: October 30, 2019
Pre-conf Workshop: November 11, 2019
Conference: November 12-14, 2019
